LEICESTER
OFFICE
EQUIPMENT LTD
NOVEMBER 2024

Did you know we also offer canteen furniture?

Here's what has happened in the last 12 months!

2024 has been a year of celebration as Leicester Office Equipment limited celebrated 40 years in business. We would like to thank all our customers for your on going support and allowing us to keep up to date with modern innovative trends in the office/home environment.

We are ending 2024 with a BIG showroom refurbishment beginning in December allowing us to stock more products on a click and collect basis.

As we head into 2025 we are even more focused on becoming a greener company and have lots of plans in place to match our annual recycling targets.

I'd personally like to thank my amazing team members for all their hard work this year allowing us to reach bigger and better things. We have seen our apprentice Cam join us on a full time basis in the showroom meaning that our order completion time has reduced due to his speeding thoughtful nature. We are sad to soon be losing Miles as he graduated from university with a first class honours degree in Humanistic and integrated psychotherapy and counselling and has been working hard to set up his own therapy clinic starting to operate over the next few months.

Kindest regards
Dionne Dunne

IMPROVED DELIVERY SERVICE

we now offer next day delivery services nationwide subject to stock availability

PERSONALISED CHAIR FITTING SERVICE

Did you know that we offer a personalised chair fitting service to all of your staff members?

Just like a pair of shoes a chair will not fit all members the same.

If you'd like to book your very own chair fitting please drop Dionne an email on sales@leicesterofficeequipment.co.uk

EMBRACING A MODERN WAY OF WORKING

From an employee perspective, people have never been more receptive to flexible working and agile workspaces that allow them to get the best out of both home and office working. This is proven to improve work-life balance, increase job satisfaction and general wellbeing. For employers, a happy employee is a productive employee, and an agile workspace can actually boost creativity and collaboration, and nourish a company culture if done properly.
